

Quality Assurance Certificate

SENTINEL® Strata Control Minemesh

SENTINEL® Strata Control Minemesh supplied by OneSteel Reinforcing is manufactured under carefully controlled conditions to ensure the product meets the requirements of the Australian mining industry.

SENTINEL® is manufactured at OneSteel Reinforcing's Revesby production plant, which is certified under AS/NZ ISO 9001-2000.
Certificate Number: QEC0511

SENTINEL® is tested regularly and must achieve minimum quality standards as shown in the following table:

MESH TYPE	WELD SHEAR (kN)	WIRE UTS (MPa)
SENTINEL® Coal Minemesh Modules	7.5	750
Test frequency : Weld Shear – every 600 sheets or change of product. Note : All welds across the width of the sheet are tested. Weld shear strength is a minimum test requirement.
